Walter Benjamin and his Experiences

By Shomit Sirohi

I. Erleibnis

And so Walter Benjamin pursued his studies and systematic writings and fragmentary writings towards erleibnis and surrealist expressions of finally phenomenology and structure.

II. Reconstructing a Rare Work on Walter Benjamin published in the 1920s

“Walter is an exciting figure.

He produces a system from fragments.

I mean just see him use a category as form. He just projects this sentence.

I mean I have done it project this work.”

III. Categories and Forms and How to Project

In fact Walter Benjamin just projects this work. I reconstructed the work, and Walter Benjamin can be seen to having read it, and also produced a process of in fact, Messianic working as it is revealed to him.
